LICENSE APPLICATION PROCESS

State of Wyoming big game license applications will be available from Turpin Meadow Ranch in early December, and we will mail an application(s) to anyone who requests one and assist you in its preparation. All completed applications must be returned to Turpin Meadow Ranch, with the appropriate application fee (made payable to “Wyoming Game and Fish Department”), by January 23, 2009. We will review the application for accuracy before forwarding it to the State of Wyoming Game and Fish Department offices prior to the January 31st deadline. (Note: The Wyoming Game and Fish Department may change to an earlier submission deadline.) The state’s computer drawing will take place around the middle of February with results being announced in late February.

Deer applications must be submitted between March 1 and March 15, 2009. However, since a deer hunt is in addition to an elk hunt, we will help you with this application if you successfully draw an elk license.

It is possible for several hunters to submit their applications as a party so either everyone hunts or no one hunts, depending upon the draw. Ask us about this process if you are interested.
